

Parent Handbook 2025 - 2026

**EXCELLENCE
GLOBAL SCHOOL**

Vision & Mission

VISION

To nurture and empower curious, confident, and compassionate learners to pursue excellence through knowledge, innovation, creativity, and sustainability - where wellbeing and happiness are central to learning, inspiring high expectations for success and guiding them to become responsible global citizens who make a positive difference in an ever-changing world.

MISSION

- To inspire a lifelong passion for learning by nurturing every child's unique potential, ensuring that well-being and happiness are central to their educational journey.
- To motivate young learners through academic excellence, creativity, innovation and holistic development for success in life.
- To provide a safe, inclusive, and supportive environment that fosters curiosity, critical thinking, and a love for knowledge.
- To instil strong moral and social values, nurturing compassionate, confident, and enterprising global citizens who make a positive difference within their communities and the wider world.

OUR VALUES

At Excellence Global School, our values define who we are and guide every learning experience. Rooted in our belief that true excellence comes from both the mind and the heart, these values shape our students into confident, compassionate, and responsible global citizens.

Knowledge

We believe that knowledge is the foundation of progress. Our learners are encouraged to think critically, explore deeply, and connect their learning to the real world.

Innovation

We inspire curiosity and creative thinking, empowering students to question, imagine, and build solutions that make a meaningful impact on the world around them.

Creativity

Creativity fuels discovery and expression. We nurture imagination and originality, helping every learner find their unique voice and purpose.

Sustainability

We are committed to shaping a better future through responsible choices and thoughtful actions. Our learners respect the environment, value resources, and act for the well-being of people and the world around them.

Compassion

We nurture empathy, kindness, and respect for others. Our compassionate learners understand the importance of inclusion, care, and community — using their strengths to support and uplift those around them.
